At Kuegler Associates  
we understand the  
difference between  
getting the job...

## Excellence Through Experience

Kuegler Associates, LLC is a diversely experienced company with offices in Connecticut and Massachusetts. We offer professional engineering services to clients throughout the Northeast and have been doing so since 1992. We are committed to providing the personal attention and responsiveness required to make your project a success. We have the expertise and the engineering facilities to take on projects of any scope and magnitude. Our professional team is committed to completing your projects in a thorough yet timely manner.

At Kuegler Associates every member of our team knows that they play an important role in our success and in the success of each project. Everyone, engineers to CAD designers to office staff, has a personal investment in his or her work.

The principals of our firm are directly involved in all phases of every project and maintain close contact with each client from inception to completion.

The end result of this philosophy is work of consistently high quality promptly delivered in an efficient manner.

# ...and getting the job **right**.
